

HENRY MCMASTER governor

April 19, 2023

Dr. Sorinel Adrian Oprisan College of Charleston Department of Physics and Astronomy 66 George Street Charleston, South Carolina 29424

Dear Dr. Oprisan,

It is my pleasure to congratulate you on being chosen to receive the 2023 Governor's Award for Excellence in Scientific Research at a Predominantly Undergraduate Institution. You are very deserving of this recognition for your outstanding work in computational neuroscience and your leadership in the development of the interdisciplinary neuroscience curriculum at College of Charleston.

Your efforts to develop the next generation of scientists by directly involving numerous undergraduate students in your research program are especially notable. You have been a great ambassador in South Carolina for excellence in scientific research. I thank you for your contributions to scientific research and education and wish you continued success.

Yours very truly,

may MMastin

Henry McMaster
